

The Contemporary World, Semester B

Course Overview

The Contemporary World, Semester B, is a single-semester course designed to strengthen your understanding of government in the modern world. In the first unit, you will study the role of government and the responsibilities of citizens in contemporary societies. In the second unit, you will learn about democracy in the United States, and you will look at the structure of the Constitution. In the third unit, you will explore the functions of the US legal system as well as understand the rights and responsibilities of US citizens. Toward the end of this course, you will learn about the factors affecting the development of global trade and examine the structure and function of the US economy.

Course Goals

By the end of this course, you will be able to do the following:

- Explain the rights and responsibilities of citizens in contemporary societies.
- Analyze the significance of the Declaration of Independence and the Articles of Confederation.
- Describe the principles and structure of the Constitution.
- Identify the rights and responsibilities of US citizens.
- Explain aspects of US domestic and foreign policy.
- Explain basic economic concepts.
- Describe various economic systems.
- Explain how specialization and scarcity affect the development of global trade.
- Describe the structure and function of the US economy.

General Skills

To participate in this course, you should be able to do the following:

- Complete basic operations with word processing software, such as Microsoft Word or Google Docs.
- Understand the basics of spreadsheet software, such as Microsoft Excel or Google Spreadsheets, but having prior computing experience is not necessary.
- Perform online research using various search engines and library databases.
- Communicate through email and participate in discussion boards.

For a complete list of general skills that are required for participation in online courses, refer to the Prerequisites section of the Student Orientation document, found at the beginning of this course.

Credit Value

Contemporary World B is a 0.5-credit course.

Course Materials

- Notebook
- Computer with Internet connection and speakers or headphones
- Microsoft Word or equivalent
- Microsoft Excel or equivalent

Course Pacing Guide

This course description and pacing guide is intended to help you keep on schedule with your work. Note that your course instructor may modify the schedule to meet the specific needs of your class.
